

ADVANCING UROLOGICAL CARE INTO THE NEXT DECADE with KARL STORZ

Find out more >>

Advancing with HD View

The New Flexible Video Cystoscope HD-View

High Performance by Definition

- ✓ Visibly higher resolution due to HD camera chip
- ✓ Suction valve for better rapid bladder evacuation
- ✓ Integrated LED technology with 10.9 Fr. tip
- ✓ Working channel diameter of 7 Fr.
- ✓ Detachable LUER port for better reprocessing

Advancing with EndoProtect1

The KARL STORZ EndoProtect1 group is here to provide better aid for the nursing professionals in handling and reprocessing knowledge.

From complete guidance of the reprocessing process to tips and tricks on maintaining products for a longer lifespan, these are some of the services that we honour.

Advancing with KARL STORZ Service Portfolio

Our service portfolio aims to retain and preserve the value of your investments to its best. From reducing downtime for flexible scopes, to ensuring that you will always receive the latest instrument models and scopes during our repair exchange program.

We strive to make it hassle-free for you, so that you can focus on what is important - **your patients.**
